AN INVESTIGATION INTO THE)	
REASONABLENESS OF PRESENT RATES FOR)	
WATER SERVICE)	

O R D E R

On October 19, 1990, the Commission approved new rates for water service which East Daviess County Water Association, Inc. ("East Daviess") provided to persons previously served by the Hancock County Public Improvement Corporation.¹ Although approving a rate structure for those customers which differed significantly from the rate structure for East Daviess' other customers, the Commission expressed its concern about such disparities and ordered East Daviess to present a new rate structure for all customers within 16 months. This new rate structure was to reflect a new accounting system which would more accurately allocate revenues and expenses and eliminate any cross subsidization between various customers.

As of this date, East Daviess has yet to implement or apply for Commission approval to implement a new rate structure which applies to all customers. Moreover, it has failed to advise the Commission of the reasons for its failure.

¹ Case No. 89-377, The Application of East Daviess County Water Association, Inc. to Reduce Water Rates to Residential Customers in South Hancock County, Kentucky (Oct. 19, 1990).

Having considered East Daviess' failure to comply with the Commission's Order and being otherwise sufficiently advised, the Commission finds that an investigation into the reasonableness of East Daviess' existing rates should be conducted.

IT IS THEREFORE ORDERED that:

1. Pursuant to KRS 278.260, an investigation into the reasonableness of East Daviess' present rates is hereby commenced.

2. Within 20 days of the date of this Order, East Daviess shall advise the Commission in writing why it has failed to comply with the Commission's Order of October 19, 1990 in Case No. 89-377.

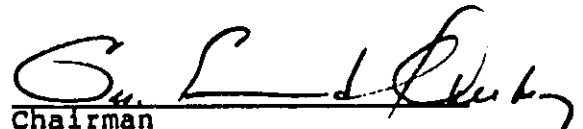

3. The record of Case No. 89-377 is incorporated by reference into the record of this proceeding.

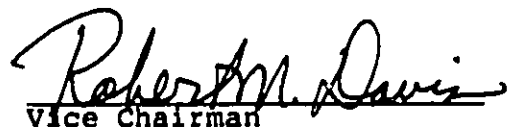

4. Within 20 days of the date of this Order, East Daviess shall provide the information requested in the Appendix to this Order.

5. During the course of this investigation, East Daviess shall make available to the Commission and its staff for inspection and examination all books, accounts, papers and records of the utility.
